ICT SKILLS

Every *Teacher* Should Have

LEVEL 1: BASIC

Technology is changing the education sector. Educators are expected to have a wide range of ICT skills and apply these to their teaching and other areas of work.

For educators who want to grow their skills and confidence in using computer hardware, software and online applications, Cambridge has developed the SACE-accredited *ICT Skills Every Teacher Should Have* Level 1: Basic workshop and accompanying textbook.

What?

Training covers the following themes:

- ICT Literacy
- Productivity Software
- Integration
- Communications
- Content Management
- Online Collaboration
- The Cloud

Who?

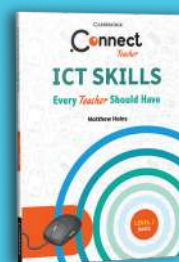

Experienced educators, trainee teachers, school support staff, parents

Where?

Face-to-face at your school or local district venue, or online

What you get

- 2 days' practical training (14 hours)
- *ICT Skills Every Teacher Should Have* print textbook, and digital training manual and resources
- A baseline pre-workshop test, and a progress post-workshop test to measure your competence
- 15 CPD points
- Confidence! ... to make the connections between computers, digital content, and effective curriculum delivery.

Cost
R1 575*

*Cost

Including textbook: R1 575. If you already have the textbook: R1 400
